

# *PULL VALVE PERSONALIZED*

# **CREASI EQUIPMENT**

[WWW.CREASI.IT](http://WWW.CREASI.IT) [info@creasi.it](mailto:info@creasi.it)

*It allows us to satisfy two important needs:*

- 1. Avoid damaging the rim with unsuitable tools*
- 2. Use the right force to extract the valve*

*Easy to use tool*

*Increase the speed of removing the old valve*

*Spacer in anti-scratch material that adapts  
to any type of rim*
